

LEGAL NOTICE
STATEMENT OF QUALIFICATIONS
FOR
ENGINEERING SERVICES

The Board of Mahoning County Commissioners intends to contract for engineering services in connection with sanitary sewer improvements to extend sanitary sewer from existing systems located in the Metropolitan Sewer District and to extend water service to areas of the Metropolitan Water District. Further, engineering services are being requested for related sanitary sewer system work to include existing facilities, main lines, pumping stations and related equipment.

Engineering firms interested in being considered for a contract to provide the required services should reply with a statement of qualifications no later than 4 PM on Friday, March 4, 2016. Statements received after this deadline shall not be considered. Statements of qualifications should be transmitted to: Patrick T. Ginnetti, P.E., P.S., Mahoning County Sanitary Engineer, 761 Industrial Road, Youngstown, Ohio 44509.

Five (5) sets of qualifications shall be submitted. Statement of qualifications should include information regarding the firm's history, education and experience of owners and key technical personnel, the technical expertise of the firm's current staff, the firm's experience in designing similar projects, availability of staff, the firm's equipment and facilities, references and any previous work performed for the Board of Mahoning County Commissioners.

As required by Ohio Revised Code Section(s) 153.65-71, responding firms will be evaluated and ranked in order of their qualifications. Following this evaluation, the Board of Mahoning County Commissioners will enter into contract negotiations with the most highly qualified firms.

The Proposed Projects are as follows with a brief description to include tentative budgets for each project:

Project No. 1: Poland Woods Interceptor – Phase II

Location: Poland Village Park between Interstate 680 and College Lane

Description: Perform preliminary and final design engineering to construct a 24" PVC gravity sanitary sewer to replace an existing sanitary sewer, standard sanitary manholes to include by-pass pumping and an access road for maintenance.

Total Estimated Budget: \$ 626,649

Project No. 2: Poland Pump Station Replacement Projects

a. Yellow Creek Pump Station Replacement

Location: 20 Yellow Creek Drive Poland, Ohio 44514

Description: Perform preliminary and final design engineering to construct a new sanitary pump station to replace the existing Yellow Creek Pump Station.

Total Estimated Budget: \$ 350,000

b. Erskine Pump Station Replacement

Location: 3109 Hummingbird Hill, Poland, Ohio 44514

Description: Perform preliminary and final design engineering to construct a new sanitary pump station to replace the existing Erskine Pump Station.

Total Estimated Budget: \$ 425,000

c. Mitchell Pump Station Replacement

Location: 2600 Pueblo Way, Poland, Ohio 44514

Description: Perform preliminary and final design engineering to construct a new sanitary pump station to replace the existing Mitchell Pump Station.

Total Estimated Budget: \$ 550,000

Total Estimated Budget for a., b., and c. = \$ 1,325,000

Project No. 3: Lake Milton Water Line Replacement Project

Location: Craig Beach, Milton Township

Description: Perform preliminary and final design engineering to construct new water lines to replace existing water lines on the following streets; Delaware Ave, Normandy Rd., Kenmore Rd., Friedham St., Glendale Dr., & Hillcrest Dr.

Total Estimated Budget: \$ 670,000

Project No. 4: Craig Beach Wastewater Treatment Plant - Improvements

Location: 2599 Grandview Road, Lake Milton, Ohio

Description: Projects consists of replacing the influent screening and grit removal system at the Craig Beach Wastewater Treatment Plant.

Total Estimated Budget \$ 1,240,000

Project No. 5: Campbell Wastewater Treatment Plant- Improvements

Location: 4200 Wilson Avenue, Campbell, Ohio

Description of Work: Replacement of Belt Filter Press, Polymer Preparation System, Shaftless screw conveyor, building modifications, site work.

Total Estimated Budget: \$ 1,200,000

Project No. 6: Wastewater Treatment Plants/ Pump Stations and Collection System.

Location: Various Department Wastewater Treatment Plants to include;
Boardman WWTP @ 7980 E. Parkside Drive, Boardman, Ohio;
Campbell WWTP @ 4200 Wilson Avenue, Campbell, Ohio;
Craig Beach WWTP@2599 Grandview Road, Lake Milton, Ohio;
Meander WWTP@3264 SR 46, Mineral Ridge, Ohio.
System pumping stations (82 total) and related collections system (800 plus miles).

Description of Work: Evaluate, Analyze, Design and assist with implementation of Improvements, processes and operations.

Total Estimated Project Budget - \$ 50,000 to \$ 500,000.

Project(s) Schedule(s) :

Various dates: Anticipated to begin Mid 2016. Entering into agreements for services for all projects is contingent on 100% funding in place for the specific project.
